Procedures for determining units of credit for high school age students who have attended an unaccredited school or alternative program:

1. The Principal shall appoint a credit review committee consisting of the high school staff deemed appropriate, and the parents or guardians. The purpose of the credit review committee is to make recommendations to the Principal regarding which high school credits should be awarded to the applicant for work completed in the unaccredited school or alternative instruction program.
2. The credit review committee shall ensure that the student enrolling has completed at least one standardized achievement test in the areas of English and Math selected by and administered by the school district.

4. The credit review committee shall recommend to the Principal units of credit for subjects other than English and Mathematics based upon factors, including but not limited to the following: classes taken, transcripts, class or course syllabus for each course taken, and District approved minimum competency tests in particular subject areas.
5. Should there not be a consensus within the credit review committee, the committee shall submit to the Principal the differing recommendations and the rationale for each recommendation given.
6. Upon receipt of the credit review committee recommendations, the Principal shall determine which credits are to be applied for purposes of grade and class placement and toward graduation credits.
